

CARPATHIA KICKERS F.C.

Where Soccer Excellence is MASTERED!

TRYOUT

**desire
excel
master
champions!!!**

The Carpathia Kickers strive to establish a structured, consistent soccer program with a positive environment for the continuing development of players who desire to excel in the sport of soccer.

The philosophy of the Carpathia Kickers is to perfect the true meaning of a soccer club. The Kickers have a strong commitment in running a soccer program as they do in Europe. We feel very strongly about player development beginning at a youth level and carrying them through to our senior level after completion of their college careers.

As we develop children into complete soccer players, they naturally develop skills that help them become well rounded individuals. The Kickers provide an opportunity for our players to develop discipline, teamwork and long lasting friendship, all qualities that will help them throughout their life.

TRYOUTS JUNE 14th & 15th
